#### DIGITAL MULTIMETER

# **CD800F**

#### **APPLICATIONS AND FEATURES**

This instrument is a digital multimeter with rms value response, designed for measurements within the range specified as CAT.IV 1000 V in IEC61010.

- 6000 counts
- •AC True RMS
- •Data hold / Range hold
- •Relative value measurement
- •MAX/MIN value recording mode
- LCD with backlight
- Auto power save (15min.) (cancelable)
- •Attachment body cover for protection
- •EF (Electric Field) detection

#### **SPECIFICATIONS**

|                                 | Measuring range   |   | Best accuracy | Resolution | Input impedance |  |
|---------------------------------|---|---|---------------|------------|-----------------|--|
| DCV                             | 600m/6/60/600/1000V   |   | ±(0.8%+3)     | 0.1mV      |                 |  |
| ACV                             | 6/60/600/1000V  |   | ±(1.2%+5)     | 0.001V     | 10MΩ            |  |
| Resistance                      | 600/6k/60k/600k/6M/60MΩ   |   | ±(1.2%+5)     | 0.1Ω       |                 |  |
| Capacitance                     | 60n/600n/6µ/60µ/600µF   |   | ±(3.0%+10)    | 0.01nF     |                 |  |
| Frequency                       | 99.99/999.9/9.999k/99.99kHz   |   | ±(0.5%+3)     | 0.01Hz     |                 |  |
| Continuity                      | Buzzer sounds between $10 \sim 50 \Omega$ Open voltage : approx. 1.0V |   |               |            |                 |  |
| Diode test                      | Open voltage : approx. DC3.2V "OL" displayed at 3.000 V or more.      |   |               |            |                 |  |
| Electric field                  | At the standard sensing   | y voltage of about 60V or more,   |               |            |                 |  |
| sensing                         | the bar graph and intermittent sound vary in 5 steps                  |   |               |            |                 |  |
|                                 |   |   |               |            |                 |  |
| Operation method                |   | Δ - Σ method  |               |            |                 |  |
| AC measuring method             |   | True RMS method (AC coupling)   |               |            |                 |  |
| Display                         |   | Max. 6000 counts  |               |            |                 |  |
| Sampling rate                   |   | Max. approx. 5 times/sec.   |               |            |                 |  |
| Overload                        |   | " OL" mark indication on digital display                                |               |            |                 |  |
| Range selection                 |   | Auto and Manual   |               |            |                 |  |
| Polarity switching              |   | Auto ("-" indicated when negative voltage is input)                     |               |            |                 |  |
| Operating temperature/ humidity |   | -10 °C to 40 °C.  |               |            |                 |  |
|                                 |   | Humidity range is as follows (without condensation):                    |               |            |                 |  |
|                                 |   | Max. 80 %RH at 5 °C to 31 °C, decreasing linearly to 50 %RH at 40 °C.   |               |            |                 |  |
| Storage temperature/ humidity   |   | -20 °C to 40 °C: ≤80 %RH (without condensation).                        |               |            |                 |  |
|                                 |   | 40 °C to 50 °C: ≤70 %RH (without condensation).                         |               |            |                 |  |
|                                 |   | (Batteries should be removed when the instrument is not to be           |               |            |                 |  |
|                                 |   | used for a long period.)  |               |            |                 |  |
| Battery                         |   | LR03 ("AAA"-size alkaline battery)1.5 V × 2                             |               |            |                 |  |
| Auto Power Save                 |   | Power Save in about 15 minutes after last operation. Typ. 20 µA         |               |            |                 |  |
| Size / Mass                     |   | 166 (H) x 100 (W) x 43 (D) mm, about 360 grams (incl. batteries)        |               |            |                 |  |
| Safety standards                |   | IEC61010-1, IEC61010-2-030, IEC61010-2-33, IEC61010-31<br>CAT IV 1000 V |               |            |                 |  |
| Standard appaganias included    |   |   |               |            |                 |  |
| Standard accessories included   |   | Instruction manual, "AAA"-size alkaline battery x 2, hand strap         |               |            |                 |  |

### CE

A battery for monitoring has been installed prior to shipment from the factory. It may be discharged before the expiration of the described battery life. This battery is used to check the functions and performance of the product. Specifications and external appearance of the product described above may be revised for modification without prior notice.
